Attn: Pension Benefits Statement Project

I am writing in favor of a law requiring you be provided an estimate of your monthly payment according to the money in your 401K. This would provide a good wake up call, with no downsides that I can think of. It should be a simple, basic statement, not something that takes a lawyer to understand. Make people aware this is just an estimate, conditions fluctuate, but it wakes a person up to where they REALLY are in terms of retirement finances.
